SUBJECT: Review Function of Doctrine Development Staff

1. The Doctrine Development Staff/TRD has been created to assist the Chief, TRD, in ensuring that the content of all instruction presented under the auspices of TRD is operationally sound, realistic, and consonant with the policies and requirements of OSO and OPC.

2. DDS will henceforward review on a routine basis all lesson folders, lecture outlines, transcripts, problems, and student study material in accordance with the procedure set forth in Attachment A.

3. In view of the fact that DDS is, like other elements of TRD, seriously understaffed at present, this function will necessarily be implemented gradually. The Chief, DDS, will consult with the respective Deputy Chiefs, TRD, as appropriate on problems arising from the existing capabilities, commitments, and plans of the DDS staff.

Acting Chief, TRD
